

Ascentia
SCHOOL

Rise Beyond Sky...

Nursery to Grade X

IIT/NEET foundation for VI to X

How Ascentia's Academic Program Prepares the Child!

Nursery to V

- We follow NEP recommended Early childhood Care Education (ECCE) that drives experiential learning through Art (drawing, painting), story telling, poetry, games and songs.

Grade VI to X

- We impart education prescribed by the Telangana State Board and guidelines laid down by the new National Educational Policy (NEP)
- Students of grades VI to X will be introduced to an effective IIT/NEET foundation program.
- Foundation study material for learning and practice.
- Foundation program includes Math, Physics, Chemistry, Biology. Mental ability, Social and English.

- Weekly tests and error analytics are conducted continuously to assess student learning.
- Smooth transition from school to competitive segment.

Futuristic Outlook

- Coding classes from Grade 1
- A-talk : Eminent personalities share their views on business, technology, success stories, motivational sessions like Goal Setting, Effective Leadership, Breaking habits etc.,
- Yoga, meditation and spiritual workshops empower students to be calm and self-aware.
- Workshops for parents

Sessions with Child Psychologist

A - Talk by Eminent Professionals

Sports

Well- equipped Labs

Guest Lectures by College Faculty

Happy to announce that we are the only school to start a year long curriculum based
1) COMMUNICATION SKILLS 2) PEOPLE MANAGEMENT SKILLS

PARENT TESTMONIALS

We are happy to get associated with Ascentia school from last one year. We found great teaching staff, focusing on individual students and working with them on their strengths and weakness. This is helping in overall development of students. I would like to thank management and teachers for creating great learning environment for students.

Kiran and Jyothi,
Jyothi's parents, 9th class

We are happy with Ascentia school. My child is in grade 3 and is very happy to attend school. We have seen a lot of transformation in my child in the very first year after the covid period. Right student-teacher ratio to enable the right level of attention given to students. Overall, we are happy with the school and its dedication to provide uninterrupted learning to my child in these promising times.

Krishna kishore Korumalli.
